*One has to complete 2 semesters Physical Education until the end of the 1st year							

Dental Latin, Physical Education, and Assistant Practice (summer practice) are criterion courses; no credit points are awarded for completing them. In Physical Education completion of two courses is mandatory in the first two semesters; all additional PE courses taken are subject to a fee.

Theoretical and practical courses on identical subjects must be taken in parallel. Neptun checks the course enrolment according to the prerequisite system and sends an error message in case of unauthorized course registration.

Practical training takes place in groups. The groups are marked with the numbers -1/-2/-3/-4 after the course code. Students can take the course according to their group assignment.

By the end of the tenth semester, students must earn 25 credits from compulsory elective courses and 17 credits from elective courses.
